9th Annual Carousel of Possible Dreams at the Sanfilippo Estate In Barrington Hills, IL Raises Over \$250,000 for Children's Charities

The event benefited Boys & Girls Clubs of Dundee Township, The Chicago Academy for the Arts, Jessie Rees Foundation, Royal Family KIDS, Spirito! Singers, and Turning Pointe Autism Foundation

BARRINGTON HILLS, Ill. And COSTA MESA, Calif. (September 18, 2022) – The 9th Annual Carousel of Possible Dreams Chicago has raised over \$250,000 to help fund the specific individual needs, or dreams, of six children's charities, including: Boys & Girls Clubs of Dundee Township, The Chicago Academy for the Arts, Jessie Rees Foundation, Royal Family KIDS – Cook & Lake Counties Inc., Spirito! Singers, and Turning Pointe Autism Foundation. Created and produced by Festival of Children Foundation in partnership with the Sanfilippo Foundation, the event was held at the Sanfilippo Estate in Barrington Hills, Illinois, on the evening of Saturday, September 17, 2022. 275 guests attended the event that featured entertainment by Spirito! Singers, estate tours, including the newly opened Perfume Passage, and a cocktail reception in the Carousel Pavilion.

The event is quite unique as it serves as central fundraising effort to amplify and optimize fundraising efforts for each charity. Following six weeks of peer-to-peer fundraising, local civic, business and philanthropic leaders representing each charity climbed aboard the "Eden Palais," a spectacular 19th century, European Salon carousel meticulously restored by the Sanfilippo family. As they rode the carousel up to 50 times around each, guests pledged donations to help the charities reach or surpass their individual fundraising goals. "Each of these six charities is exceptional in how they provide programs that have a profound impact so many children. We are honored to support them in this way," said Sandy Segerstrom Daniels, founder and executive director, Festival of Children Foundation. "We are grateful to the Sanfilippo family for their support and opening up their magnificent estate to us again for this event."

The Carousel of Possible Dreams is produced each year in partnership with the Sanfilippo Foundation of Barrington Hills by Festival of Children Foundation (FOCF), a national non-profit organization based in Orange County, California, that serves and supports nearly 500 children's charities across the country. FOCF has also produced several other Carousel of Possible Dreams in Central Park in New York City, in Griffith Park in Los Angeles, at South Coast Plaza in Costa Mesa, California, at the Children's Creativity Museum in San Francisco, and Disneyland. To date, the initiative has raised \$5M to fund 240 high- impact programs for children's charities across the United States.

The six children's charities in this year's event are:

The Chicago Academy for the Arts, whose Possible Dream is to provide a full scholarship through the Young Men's Dance Initiative, which provides scholarship support to selected elite-level male dancers, who might not otherwise have the opportunity to attend The Academy's life-changing program.
